For millennia, the Kumeyaay people have been a part of the land on which I work and live. This land has nourished, healed, protected and embraced them for many generations in a relationship of balance and harmony. As a member of the San Diego State University, University of California San Diego, and broader San Diego and Tijuana communities, I acknowledge this legacy. I promote this balance and harmony. I find inspiration from this land, the land of the Kumeyaay.
