Prospective Student Information

Masters of Social Work, Advanced Standing, PPS Credential

FALL 2025

Prospective Students,

Thank you for your interest in the School of Social Work at San Diego State University. Enclosed you will find information pertaining to the admission process and the various MSW program options offered at SDSU.

The profession of Social Work is deeply committed both to the relief of human distress and inequality and to meeting the social, psychological, and economic needs of human beings. The underpinning value of the profession is a commitment to social justice. While this concern for others is a vital ingredient of Social Work, it must be implemented with the knowledge and skills of the profession.

To accomplish these goals, the School of Social Work offers a 1 year Advanced Standing Program, and a 2, 3 and 4 year graduate curriculum in direct practice or administration/community development leading to the Master of Social Work degree. The direct practice concentration will enable students to work individually and in groups at the micro and mezzo level with clients through therapy and counseling. The administration/community development concentration focuses on macro practice and includes classes on leadership and organizational change. Every three years the School of Social Work offers an MSW Direct Practice three year program at the Imperial Valley campus.

Additionally, the School of Social Work offers the following specialized programs:

- Pupil Personnel Services Credential Program (MSW/PPS) – This credential prepares students for practicing social work in school settings and meets requirements for specializations in School Social Work as well as Child Welfare and Attendance Services.
- Early Childhood Transdisciplinary Education and Mental Health Certificate (MSW/EC-TEaMH) – This certificate is an interdisciplinary program focusing on professional preparation and skills enhancement of early childhood educators who work with young children who demonstrate socio-emotional and behavioral problems and their parents.

The School of Social Work was founded in 1963 and has been proudly accredited by the Council of Social Work Education since 1966.

SDSU School of Social Work offers:

- Education and research programs guided by a team of administrators and faculty members who are noted experts in their area of research.
- A commitment to international and multicultural education, internships available in Tijuana, as well as cross border conferences, and support for student organizations, DEI integrated coursework and specialized electives.

- The SSW contracts with over 400 community agencies to provide opportunities for direct practice and administrative field experience in medical and hospice settings, residential and outpatient mental health facilities, County of San Diego child protection, foster care service agencies and school settings including elementary, middle, and secondary throughout San County.

SDSU Fall 2024 Money Matters

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees.

You must pay Tuition and Fees before you can access the Web registration system. "My Registration," available at the SDSU WebPortal, contains registration and payment information. The registration process is not complete until you are officially enrolled in classes. Payment of fees alone does not constitute registration.

All Cashier Holds must be cleared prior to paying for registration. Payments to clear financial holds must be made by cash, debit cards, money order, or certified check. Inquire at Student Account Services for more information. Personal checks or credit cards will NOT be accepted.

Liability for Payment

It is the student's responsibility to be aware of total fees due whether or not an invoice is received. Students with an approved Petition for Late Schedule Adjustment must pay in addition to the \$20.00 late add fee any fees that may be due as a result of the added units. For example, a student enrolled in 6 units has an approved petition to add 3 additional units. In addition to the \$20.00 late fee, the fees for the difference between part-time and full-time fees are due BEFORE the Office of the Registrar will process the add.

Please note: Dropping a class after the schedule adjustment deadline (based on approved petition only) does not reduce your fee liability. If you are enrolled in 6 units and add 3 units and drop 3 units, you will still be liable for full-time Tuition and Fees.

Students submitting authorization to bill a third party for their Tuition and Fees will be held responsible for payment if the third party agency fails to pay.

According to Title 5, of the California Code of Regulations, Sections 42380 and 42381, should a student or former student fail to pay any debt owed to the institution, the institution may "withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt" until the debt is paid.

ID Card Fee and Information

All new students are required to purchase an SDSU photo identification card, which permits use of campus services, such as student activities, athletic events, library privileges, etc. Any new student should submit \$25.00 for the ID card in addition to other fees paid. After payment is made, students can obtain their ID card at the SDSU Card Office, located in Student Services West, Room 2620. Hours of operation: M - F, 8:30 a.m. - 4 p.m. For additional information, contact the SDSU Card Office at (619) 594-6800.

Payment Options

Payment for Tuition and Fees for Fall 2024 will be accepted beginning April 15, 2024. Do NOT wait until your registration access date to pay your fees.

TUITION & FEES (CONT. 1)

9

Online – ACH Electronic Check

You may pay your Tuition and Fees, and other charges using the ACH payment option. This is just like writing a check, but you make the payment online. There is no additional charge for this option. You will need your bank routing and checking account number, which is not the same as your debit card number. If your payment is returned by the bank to the Student Account Services Office for any reason, your registration may be canceled and you will be billed a \$35.00 dishonored payment charge and a \$20 late fee when applicable (this fee applies to all forms of payment that are returned by your bank). Non-payment of Tuition and Fees may result in cancellation of your registration and withholding of further services until all financial liabilities have been resolved.

The university reserves the right to refuse payments by electronic check from those individuals who have previously had items returned unpaid by their bank. PLEASE NOTE: If your electronic check writing privileges are revoked, you will have to wait one (1) year to be reinstated.

Online – Credit Card

Students are able to use MasterCard, Visa, American Express, and Discover Card to pay Tuition and Fees using CASHNet™ SmartPay, our secure third party vendor. Student Account Services/Cashiers does not accept credit cards for payment of Tuition and Fees, except as applicable under the terms of the Installment Plan. Payments made using CASHNet™ SmartPay are normally posted to the students account in real time so, the registration process should not be delayed. CASHNet™ SmartPay assesses each customer a service charge based on the transaction amount.

See CASHNet™ web site for more details.

If your payment is returned by the bank to the Student Account Services Office for any reason, your registration may be cancelled and you will be billed a \$35.00 dishonored payment charge and a \$20 late fee when applicable (this fee applies to all forms of payment that are returned by your bank). Non-payment of Tuition and Fees may result in cancellation of your registration and withholding of further services until all financial liabilities have been resolved.

Use CASHNet™ SmartPay via the Web from your student account. You will be asked to select what you would like to pay for first, and then select how you would like to pay. At this point, you would select payment by credit card.

MasterCard, Visa, American Express and Discover Card charge cards are accepted for other payments, such as Housing, Parking, Health Services, Continuing Education, and miscellaneous over-the-counter payments. Students are reminded that banks will provide cash advances against credit cards if needed to cover registration payments. Most ATM cards are also accepted for payment of miscellaneous charges.

Mail – Check or Certified Funds

Tuition and Fees may be paid in full by personal check, money order, or certified funds. Checks should be made payable to SDSU. In order to have your payment processed on time, print the fee payment coupon found in the SDSU WebPortal and submit it (via mail or Student Account Services drop box) with your payment prior to your payment deadline. Your payment deadline is located in your “My Registration” in your WebPortal account.

Your Tuition and Fee payment coupon and check should be mailed to:

**SDSU Student Account Services
5500 Campanile Drive
San Diego, CA 92182-7426**

Checks are accepted for the exact amount of the payment. Overpayments of \$10.00 or less are refunded only upon request.

Pupil Personnel Services Credential Program

Child Welfare & Attendance Specialization

DESCRIPTION

The specialization in school social work program at SDSU prepares students for the practice of social work services in school settings and the education and training necessary to be certified by the California Commission on Teacher Credentialing to work in public schools. This program meets the requirements for two specializations for Pupil Personnel Services (PPS) Credentials: (1) School Social Work and (2) Child Welfare and Attendance Services.

The PPS program is integrated into the existing MSW program, with students specializing in Direct Practice. Specific requirements for the School Social Work Specialization are (1) 1000 total clock hours of internship of which 600 are in a public school setting; and (2) one 3-unit course and one 1-unit course are taken in the second year.

The program can also accommodate Social Workers with MSW degrees that wish to complete the requirements for the PPS Credential(s) and specialization (the 2 courses and supervised field experience as described above).

CALIFORNIA PPS CERTIFICATION REQUIREMENTS

Supervised Experience Requirements

1. School Social Work Specialization.

Completion of 450 hours of supervised experience working in a public school. This experience should include at least 350 hours and 100 hours in two

different school levels: preschool, elementary, middle-school, high school.

At least 100 clock hours of practice with at least 10 pupils of a racial/ethnic background different from that of the credential candidate.

2. Child Welfare and Attendance Specialization.

Completion of 150 hours of supervised experiences related to attendance and child welfare. A minimum of 90 clock hours are in a school setting in direct contact with pupils. A minimum of 30 clock hours are in interdisciplinary experiences in a setting that is outside the field of education (i.e. child welfare, mental health and other related fields). The remaining 30 hours can be at the discretion of the University supervisor.

Note: These requirements for hours of supervised experience fall within the requirements for the number of hours required of all 2nd year MSW Students.

APPLICATION PROCESS

MSW Applicants

Students currently enrolled in the MSW degree program and eligible for enrollment in SWORK750 may apply for the PPS program after the completion of their first year of study. Students file a regular field application for a second year placement and request a school setting. The Director of Field Education reviews all applications and arranges appropriate interviews. Once the student has been accepted into an approved PPS school practicum site they are considered candidates for the credential program. At this point they must complete the course work and internship hours along with the remainder of their MSW program. All requirements and expectations are outlined in a packet of information given to each student at the first field liaison meeting in the Fall semester.

Post-MSW Applicants

Social workers who already have an MSW may enroll in the School Social Work Specialization program. In order to meet eligibility for the PPS Credential as required by the State, the practicum requires the candidate to intern as a School Social Worker in selected schools in the San Diego area for the required hours of supervised experience. This experience should be equivalent to the academic program and therefore requires 20 hours per week – at the school site, during regular school hours. Post MSW applicants must apply via Cal State Apply, Graduate Admissions. Once accepted, students will need to apply for a Certificate of Clearance through the Commission on Teacher Credentialing, instructions are given once a student has been admitted to the Post MSW PPS Program.

The program begins each fall semester, with the two courses being completed by the end of the spring semester. Supervised hours must also be earned by the end of the spring semester as well.

All materials should be submitted in the Interfolio application located on the MSW Admissions webpage.

Applications are due by December 1st and should include the following:

1. Letter expressing interest in the program and in school social work.
2. Describe changes in your work schedule which will be required in order to fulfill these requirements.
3. An official transcript documenting your MSW.
4. A resume of your professional experience – including field experience descriptions.
5. Two letters of recommendation, at least one from a supervisor.

California Title IV-E Education Program

The California Title IV-E Education Program identifies and supports the brightest and most qualified students who commit to serving in public child welfare.

Through a competitive process, social work BASW and MSW students committed to careers in public child welfare may apply for education support in the form of stipends or educational reimbursements. Upon graduation, conditions of the support are satisfied after a successful employment period within a California public child welfare agency.

The California Title IV-E Education Program at SDSU is particularly interested in attracting students with a strong social justice value orientation and commitment to address the larger economic, social and political issues impacting children and families in child welfare services. Motivation to develop strong direct practice knowledge and skills working with families and increasing organizational and community strengths are highly desired:

- Full-time MSW students receive \$25,000 per year for each of the two years of their MSW program, totaling \$50,000
- Part-time MSW students who are concurrent employees of a county or the state Department of Social Services and who are supported by their administration, receive reimbursement for tuition and fees, required books, and a travel allowance for each day of class or fieldwork with some limitations, for the entire duration of their MSW program, for up to four years.

Upon graduation, MSW California Title IV-E Education Program and educational reimbursement recipients have an employment requirement of two years of full-time employment in a California county or state public child welfare agency. Advanced Standing Program students may be eligible for one academic year of support for one year of full-time employment. Indigenous graduates may also complete their employment requirement in a California Reservation Child Welfare Services agency, urban Indian agency in California serving Title IV-E eligible children and families, or a non-California Reservation Child Welfare Services agency.

To apply: California Title IV-E Education Program application will be available within the MSW application via Interfolio.
