WELCOME TO OUR PROSPECTIVE STUDENTS

Thank you for your interest in the School of Social Work (SSW) at San Diego State University. The profession of Social Work is deeply committed both to the relief of human distress and inequality and to meeting the social, psychological, and economic needs of human beings. The underpinning value of the profession is a commitment to social justice. AREA OF SPECIALIZED PRACTICE

The SDSU MSW Program offers two areas of specialized practice: Direct Practice/Clinical and Administration and Community Development. These courses follow completion of the Generalist Practice courses. For students to complete the year of specialized training, they must pass either a Comprehensive Exam in their area of specialization or successfully complete a publishable paper or master's thesis. TUITION & FEES

The CSU makes every effort to keep student costs to a minimum. Fees listed in published schedules or student accounts may need to be increased when public funding is inadequate. Therefore, CSU must reserve the right, even after initial fee payments are made, to increase or modify any listed fees, without notice, until the date when instruction for a particular semester or quarter has begun. All CSU listed fees should be regarded as estimates that are subject to change upon approval by the Board of Trustees.

You must pay Tuition and Fees before you can access the Web registration system. “My Registration,” available at my.SDSU, contains registration and payment information. The registration process is not complete until you are officially enrolled in classes. Payment of fees alone does not constitute registration. All Cashier Holds must be cleared prior to paying for registration. Payments to clear financial holds must be made by cash, debit cards, money order, or certified check. Inquire at Student Account Services for more information. Personal checks or credit cards will NOT be accepted.

Liability for Payment

It is the student’s responsibility to be aware of total fees due whether or not an invoice is received. Students with an approved Petition for Late Schedule Adjustment must pay in addition to the \$20.00 late add fee any fees that may be due as a result of the added units. For example, a student enrolled in 6 units has an approved petition to add 3 additional units. In addition to the \$20.00 late fee, the fees for the difference between part-time and full-time fees are due BEFORE the Office of the Registrar will process the add.

Please note: Dropping a class after the schedule adjustment deadline (based on approved petition only) does not reduce your fee liability. If you are enrolled in 6 units and add 3 units and drop 3 units, you will still be liable for full-time Tuition and Fees. Students submitting authorization to bill a third party for their Tuition and Fees will be held responsible for payment if the third party agency fails to pay.

ID Card Fee and Information

All MSW students are required to purchase an SDSU photo identification card, which permits use of campus services, such as student activities, athletic events, library privileges, etc. For additional information, contact the SDSU Card Office at (619) 594-6800.

Pupil Personnel Services Credential Program

Child Welfare & Attendance Specialization

The specialization in school social work program at SDSU prepares students for the practice of social work services in school settings and the education and training necessary to be certified by the California Commission on Teacher Credentialing to work in public schools. This program meets the requirements for two specializations for Pupil Personnel Services (PPS) Credentials: (1) School Social Work and (2) Child Welfare and Attendance Services.

The PPS program is integrated into the existing MSW program, with students specializing in Direct Practice. Specific requirements for the School Social Work Specialization are (1) 1000 total clock hours of internship of which 600 are in a public school setting; and (2) one 3-unit course and one 1-unit course are taken in the second year.

The program can also accommodate Social Workers with MSW degrees that wish to complete the requirements for the PPS Credential(s) and specialization (the 2 courses and supervised field experience as described above).

[Watch this informational recording about the PPSC specialization.](#)

APPLICATION PROCESS

MSW Applicants

If you are interested in this specialization, you will need to indicate so on your supplemental application to the School of Social Work. Please contact the PPS Credential Coordinator, [Paul Brazzel](#) if you have questions about this process.

Post- MSW PPS Credential Applicants

Social workers who already have an MSW may enroll in the School Social Work Specialization program. In order to meet eligibility for the PPS Credential as required by the State, the practicum requires the candidate to intern as a School Social Worker in selected schools in the San Diego area for the required hours of supervised experience. This experience should be equivalent to the academic program and therefore requires 20 hours per week – at the school site, during regular school hours. Post MSW applicants must apply via Cal State Apply, Graduate Admissions. Once accepted, students will need to apply for a Certificate of Clearance through the Commission on Teacher Credentialing, instructions are given once a student has been admitted to the Post MSW PPS Program.

The program begins each fall semester, with the two courses being completed by the end of the spring semester. Supervised hours must also be earned by the end of the spring semester as well.

Applicants are required to submit the Cal State Apply application as well as a supplemental department application for Post-MSW PPSC. Both applications are due by December 1st. [PPS Frequently Asked Questions \(pdf\)](#).
