

UNIVERSITY OF SOUTHERN CALIFORNIA

Our first priority as faculty and staff is the education of our students, from freshmen to post-doctoral, through a broad array of academic, professional, extracurricular and athletic programs of the first rank. We are a global institution in a global center, attracting more international students over the years than any other American university. And we are private, unfettered by political control, strongly committed to academic freedom, and proud of our entrepreneurial heritage. **Learn more about USC by clicking on the hyperlinks.**
