San Ysidro Health (formerly San Ysidro Health Center) is a non-profit organization committed to providing high quality, compassionate, accessible and affordable health care services for the entire family. The mission of San Ysidro Health is to improve the health and well-being of the communities we serve with access for all. Originally established along the border in 1969, the organization was founded by seven women in search of medical services for their children. Fifty years later, San Ysidro Health now provides innovative services to more than 107,000 lives in our care through a vast and integrated network of 42 program sites across San Diego County including: medical and dental clinics, behavioral health centers, HIV centers, WIC nutrition centers, mobile medical units, school-based health centers, chiropractic services, pediatric developmental clinic, teen clinic, senior health center and Program for All Inclusive Care for the Elderly (PACE).
