Join Our Team
as an Intensive Care Coordinator

Are you a Master's Level Clinician wanting to change the lives of children and their families? Do you enjoy working on a diverse team? Are you in need of obtaining your hours required for licensure?

We are currently hiring AMFTs, APCCs and ASWs to take on the role of Intensive Care Coordinators in our wraparound program. ICCs are responsible for assessments, diagnosing, treatment planning, case management, facilitating the wraparound process and coordinating care with social workers, probation officers, schools, and psychiatrists. As an ICC, you support families in becoming self-sufficient and increasing stability of placement for their children.

To make a difference!

Apply to San Diego Center for Children today if you:

- Want to serve families and youth with significant mental health disorders, multigenerational trauma and co-occurring disorders, while preventing children from losing placement with their families
- Are looking for a fun, supportive and fast-paced work environment
- Enjoy working on a multi-disciplinary team
- Seek ongoing training and supervision to refine your clinical and diagnostic skills
- Want to implement your clinical skills into your work, without providing therapy
- Are interested in providing community-based treatment, have reliable transportation and prefer a flexible schedule
- Want free CEUs
- Want your BBS registration fees paid
- Want 4 weeks of Paid Time Off and 11 paid holidays
